### 1. ARP ESSER Assurances

**The American Recovery Plan - Elementary and Secondary School Emergency Relief Fund(ARP ESSER) is intended to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools. ARP ESSER funds are used to prevent, prepare for, and respond to COVID-19.**

- LEA shall, to the greatest extent practicable, continue to compensate its employees and contractors during the period of any disruptions or closures related to COVID-19, based on the unique financial circumstances of the entity.
- LEA will ensure that every recipient and sub recipient of ESSER funds will cooperate with any examination of records with respect to such funds by making records available for inspection, production, and examination, and authorized individuals available for interview and examination, upon the request of (i) the Department and/or its Inspector General; or (ii) any other federal agency, commission, or department in the lawful exercise of its jurisdiction and authority.
- Any LEA receiving funding under this program will have on file with the SEA a set of assurances that meets the requirements of section 442 of the General Education Provisions Act (GEPA) (20 U.S.C. 1232e)
- LEA will ensure that it will comply with the requirements of section 427 of GEPA (20 U.S.C. 1228a). The LEA commits to maintaining and will produce upon request by the (i) the Department and/or its Inspector General; or (ii) any other federal agency, commission, or department in the lawful exercise of its jurisdiction and authority, a description of how the LEA complied with this requirement including putting in place steps to permit students, teachers and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability and age) that might impede equal access to, or participation in, the program.
- Records pertaining to the ARP ESSER award under 2 C.F.R. § 200.334 and 34 C.F.R. § 76.730, including financial records related to use of grant funds, will be retained separately from an LEA's ESSER funds. The LEA will cooperate with any examination of records with respect to such funds by making records available for inspection, production, and examination, and authorized individuals available for interview and examination, upon the request of (i) the Department and/or its Inspector General; or (ii) any other federal agency, commission, or department in the lawful exercise of its jurisdiction and authority.

### 2. ARP ESSER Requirements

The LEA acknowledges and agrees to the following additional requirements of ARP ESSER:

- The LEA will comply with the maintenance of equity provision in section 2004(c) of the ARP.
- Not less than 20 percent of the LEA's total ARP ESSER allocation will be used to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, extended school year programs, or other evidence-based interventions, and ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of COVID-19 on student subgroups (each major racial and ethnic group, children from low-income families, children with disabilities, English learners, gender, migrant students, students experiencing homelessness, and children and youth in foster care).
- An LEA that receives ARP ESSER funds will either: (a) within 30 days of receipt of the funds, will develop, seek public comment and make publicly available on the LEA's website a plan for the safe return of in-person instruction and continuity of services as required in section 2001(i)(1) of the ARP, or (b) developed and made publicly available on the LEA's website such a plan that meets statutory requirements before the enactment of the ARP. The LEA shall review its plan at least every six months (taking into consideration the timing of significant changes to CDC Guidance on reopening schools).

- The LEA will complete any reporting requested by the SEA to comply with all ARP ESSER reporting requirements, including:
- policies and plans in line with the CDC guidance related to addressing COVID-19 in schools;
  - plans and policies related to State support for return to in-person instruction and maximizing in-person instruction time, including how funds will support a return to and maximize in-person instruction time, and advance equity and inclusivity in participation in in-person instruction;
  - data on each school's mode of instruction (remote, hybrid, in-person) and conditions;
  - LEA uses of funds to meet students' social, emotional, and academic needs, including through summer enrichment programming and other evidence-based interventions, and how they advance equity for underserved students;
  - LEA uses of funds to sustain and support access to early childhood education programs;
  - impacts and outcomes (disaggregated by student subgroup) through use of ARP ESSER funding (e.g., quantitative and qualitative results of ARP ESSER funding, including on personnel, student learning, and budgeting at the school and district level);
  - student data (disaggregated by student subgroup) related to how the COVID-19 pandemic has affected instruction and learning.

### 3. ARP ESSER Plan

The LEA certifies that it has engaged in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA has engaged in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, the LEA has engaged in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

The LEA certifies that the ARP ESSER plan is provided in an understandable and uniform format; to the extent practicable, written in a language that parents can understand or, if not practicable, orally translated; and, upon request by a parent who is an individual with a disability, provided in an alternative format accessible to that parent.

1. How will ARP ESSER funds be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning?

The district is beginning to plan for the use of ARP ESSER funds to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

2. How will the LEA use the funds it reserves under section 2001(e)(1) of the ARP Act to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year?

Beginning with the summer of 2021 and continuing for the summer of 2022 and 2023, GLSD will offer a summer school program to all students K-12 experiencing learning loss or are credit deficient. To eliminate barriers for families, we have partnered with the YMCA for on-site childcare. Additionally, we will be offering free breakfast and lunch to all students participating.

3. How will the LEA spend its remaining ARP ESSER funds consistent with section 2001(e)(2) of the ARP Act?

The LEA intends to spend the remaining ARP ESSER funds on upgrading projects to improve air quality in school buildings and purchase supplies to support learning loss.

4. How will the LEA ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) of the ARP Act to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students,

and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

The district has plans in place for summer programming that is responsive to the academic, social, emotional and mental health needs of all students. With an academic focus on supporting students as they transition to a new school, grade level or course content, our teachers will provide small group and individualized targeted interventions as well as teaching strategies that reflect best practices in the classroom. At the elementary level, students will be immersed in a culture of literacy and a review of critical standards in

5. Briefly describe how the LEA determined its most important educational needs as a result of COVID-19.

The district has determined its most important educational needs as a result of COVID-19 through the analysis of benchmark assessment data, parent and teacher feedback and aligning with goals set forth through the Ohio Department of Education and Governors Office. The district reviewed the extended learning template provided and created additional learning options throughout the summer months. We are prioritizing supporting our students as they move forward to the next grade level and/or course content area so

5 5.a.) Estimated number of jobs created or retained as a result of this funding.

6. Briefly describe the LEA's proposed timeline for providing services and assistance to students and staff with these funds.

- 1. Beginning in 2021 computers will be purchased to improve access to reliable technology.
- 2. Summer programming will begin in June of 2021.
- 3. Additional support positions will be hired in the summer of 2021 for the 2021-22 school year.
- 4. At the end of the 2022 school year, we will evaluate student achievement and progress.

7. Briefly describe the extent to which the LEA intends to use ARP ESSER funds to promote remote learning.

At this time, the LEA does not have a plan to use ARP ESSER funds to promote remote learning.

8. Describe the LEA's plan for addressing learning loss by: administering and using high-quality assessments to assess students' academic progress and meet students' academic needs, including through differentiating instruction; implementing evidence-based activities to meet the comprehensive needs of students; providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment; and/or tracking student attendance and improving student engagement in distance education.

High quality assessments were utilized in the spring to determine academic progress and student academic needs. This data will be updated in a Google document for teachers who are working with students throughout the summer. Training and preparation days took place prior to the summer programming start date to determine instructional plans and implementation of interventions and evidence based strategies. Students in grades K-5 will experience a condensed "school day" schedule each morning and students in grades
