Resident Educator Summative Assessment - RESA

The RESA is a performance-based assessment that an Ohio beginning teacher, known as a resident educator, must successfully pass. The assessment calls for resident educators to demonstrate their ability to design and implement instruction that: engages students in complex thinking; and uses formative and summative assessments to inform their teaching practices. Teachers today begin their careers with four-year resident educator licenses. During this time, they must complete all four years of the Ohio Resident Educator program and successfully pass the RESA to qualify for a five-year professional license.

Administrative Oversight:  Christine Miller, Green Elementary Principal  
RESA Lead Mentor Teacher:  Geoffrey Zimmerly, SHS/GMS Music Teacher  
Individual Teacher Mentors:  As trained and assigned to new teachers
